GAME DJIMMI

Grants Wish (double HP). Spin in circles in overworld to activate Wish. Wish will pause during Mausoleums, fights on Expert Difficulty or The King's Leap, rooms with dialogue (such as Elder Kettle's house, The Die House, and Saltbaker's Bakery), and tutorials. Wish will be fulfilled when a Score is awarded or Angel and Demon is defeated. Limit 3 Wishes. Unlock Infinite Wishes on Isles I-III and Inkwell Hell by defeating the Devil. Unlock Infinite Wishes on Isle IV by defeating the Devil and Chef Saltbaker. **If only the Devil (not Chef Saltbaker) has been defeated:** An Infinite Wish activated on Isles I-III or Inkwell Hell will pause while on Isle IV, resume upon return (even if an Isle IV Boss was defeated), and will be fulfilled after the first Score is awarded on Isles I-III or Inkwell Hell. A Wish activated on Isle IV will override a Wish activated on Isles I-III or Inkwell Hell, will only be fulfilled after a Score is awarded on Isle IV (but will remain active on Isles I-III and Inkwell Hell), and count toward the maximum of 3.
